Spring 2013 High Plains Winegrowers News and Upcoming Events

Greetings from the High Ground of Texas:

So much has happened since this time a year ago when a group of winegrowers got together and decided that it was time to put the world on notice that the best wines are made from the grapes grown right here on the High Plains.

The group included everyone from seasoned, respected winegrowers to those just beginning their vineyards and brought together years of agriculture, crop and business experience to form a non-profit organization devoted not only to educating the consumers about the superiority of wine made from High Plains Grapes but also to support the existing growers, educate and encourage prospective growers, open new doors with High Plains business and financial institutions and overall create new opportunities for economic growth in this region that we all love.

The members and leaders of the High Plains Winegrowers live here, grow here, raise their families here and intend to continue to grow and expand their respective vineyards, their families and the strength of the region through their efforts.

After starting literally from zero the organization through hard work and the support of wonderful sponsors has been able to not only complete successful events such as the HPW 2012 Gala and trade show and the 2012 HPW Golf tourney but has been able to raise funds to continue our mission which will put "Texas High Plains" on the lips of every wine consumer.

So where do we go from here?.....

The next step for the High Plains Winegrowers is very exciting!

To begin we will return to the Mallet Event Center & Arena in Levelland, Texas June 14-15, 2013!
